

NativeScript

Community Chat 7/1/2020

Updates

* Several Contributor Pr's merged over the past week including nice new iOS/Android api to dynamically resizeImage from ImageSource:

- <https://github.com/NativeScript/NativeScript/pull/8663>
- <https://github.com/NativeScript/NativeScript/pull/8678>
- <https://github.com/NativeScript/NativeScript/pull/8662>
- <https://github.com/NativeScript/NativeScript/pull/8669>

* Angular 10 support in progress

* Angular 9 [do you need help?]: We have submitted pr's to projects that need assistance - email support@nativescript.org

* Angular rewrite starting now targeting Angular 11 (expected Fall)

Updates

- * iOS 14 support: <https://github.com/NativeScript/ios-runtime/pull/1275>
- * iOS v8 engine (already compat with iOS 14) new beta published today - please try:

```
“tns-ios” {  
  “version”: “7.0.0-beta.3-v8-2020-07-01-222820-05”  
}
```
- * {N} Ionic: nativescript.org/ionic
- * Open collective and Github sponsors
- * OpenJS talks are ongoing - we will be publishing formal governance docs by next week

Q&A
